

Welcome to DiagnosTechs Laboratory

- We offer unique, non-invasive tests that assess adrenal health, hormone balance, bone health, food sensitivities, toxic metal exposures, inflammation, gut health, and more.
- Information about our laboratory and the tests we offer is available on our website – <https://www.diagnostechs.com/>
- Our website also offers patient forms, answers to frequently asked questions, current news and articles (see [News & Articles](#)), newsletters (see [Newsletters](#)), literature references, Locate a Provider, and access to your Provider Portal.
- Inside your [Provider Portal](#)
 - You may [order test kits](#) – sent to your clinic or directly to your patients.
 - You may [check test results](#) and access the completed order form for each accession.
 - You will also find numerous resources:
 - The [Provider Tools](#) page offers resources on testing guidelines, test selection, test result interpretation, and treatment options.
 - [Download Forms and Brochures](#)
These resources include patient brochures, collection kit instructions, and a clinical questionnaire on how to choose the right test based on symptoms.
 - [Sample Reports](#)
 - [Test & Fee Schedule](#)
 - [Educational Webinars](#) also offer guidance about test selection, test result interpretation, and treatment protocols.
 - The [Provider Portal](#) also offers access to information about your account, billing statements, options for contacting us, including our Medical Support team, and answers to questions frequently asked by healthcare providers.
 - Here is an [Index](#) of resources available in your Provider Portal.
- We offer a complimentary *New Provider Orientation* with a physician on the [Medical Support Team](#) to welcome you and answer any questions you may have about our test panels. You may schedule a New Provider Orientation by calling 1-800-878-3787.
 - We also offer a complimentary test panel to all new providers. Please [contact Medical Support](#) and let us know the test panel you would like to order for yourself.
- DiagnosTechs Medical Support is available via email and scheduled telephone consultations to answer questions about test selection, result interpretation, treatment options, and other clinical concerns. Please call us at 1-800-878-3787 to schedule a complimentary Medical Support Consultation.

We hope to hear from you soon!
