

Your Timed TME Testing Experience Start Reading Here!

Welcome to your Timed Urinary Toxic Metals and Elements Test!

You may find the experience simpler if you follow these easy guidelines:

- 1** Open the cardboard DiagnosTechs Kit Box first.
- 2** Take out the multi-fold collection instructions.
- 3** Read through and familiarize yourself with those instructions.
- 4** Remove all of the components of the kit and place them in a handy location for your use.
- 5** If you have any questions about this DiagnosTechs kit, you can call DiagnosTechs customer service at 800-878-3787 from 7:00 am to 4:00 pm, Pacific Time, Mondays through Fridays.

Your testing kit components:

- **Large urine collection bag and funnel (in a ziplock plastic bag)**
- **DiagnosTechs Kit Box with the following components:**
 - Urine collection cup
 - Urine collection syringe
 - Timed Urinary Collection Instructions
 - Return Shipping Label (U.S. domestic kits)
